Just Before Dawn

Written by Frank Cook

Imagine if will
A Place that is Quiet

Shuuu.....

Listen to the Silence
Experience the Peace.

For in the void between the sounds

You Will Hear!

And what you hear will be Joyous, Amazing,
Intense....Possibly,,Probably Overwhelming.

And you will know the connection.

All this in the silence, In the absence of the voice that
Tells you how to Be.

Snuff it out.

Make it mute.

Cut it off.

Lock it in a black box in the back closet
of your deepest
cellar!

Silence it and the world will be yours
